Who am I?

I'm 21 years old. I am currently studying Informatics Engineering at ITBA. I recently developed a software for the Armenia Country Club, for the reservation of paddle courts. I am also working on a page to create your online CV, the same one that I used to create this CV.

Previous Jobs

Website Developer

Filocolor S.A. | June 2019

Developed the company's website. I am also in charge of maintaining the website up to date with the companies new catalog of products (www.filocolor.com.ar).
